

TECH NEEDS DISCOVERY EVENT

Register here

05/06/25 13-18

Space Business Innovation
Centre Noordwijk

WHAT IS IT?

A unique event connecting space companies with non-space innovators to explore technology needs and solutions through direct interaction and matchmaking.

ON-STAGE TALKS

Space companies will be brought on stage to engage on interactive deep dives into their tech needs and challenges, guided by the ESA Technology Broker NL.

MATCHMAKING

Afterwards, non-space innovators engage in live brokering: one-on-one matchmaking sessions based on relevance and mutual interest, held directly on the event floor.

WHO IS IT FOR?

Tech Need Owners (Space)

Space-affiliated startups, scaleups, and companies with complex technological challenges to solve.

Non-Space Tech Innovators

From High Tech, Agrifood, Robotics, Materials, Energy, and more – innovation ready to explore space as a new market.

WHY IS IT IMPORTANT FOR YOU?

- 🚀 Discover innovation challenges from space.
- 🔗 Opportunities to bring your tech to a new domain.
- 🌐 Expand your network and explore new opportunities.
- 🚀 Expand your reach through unexpected partnerships.
